

2021

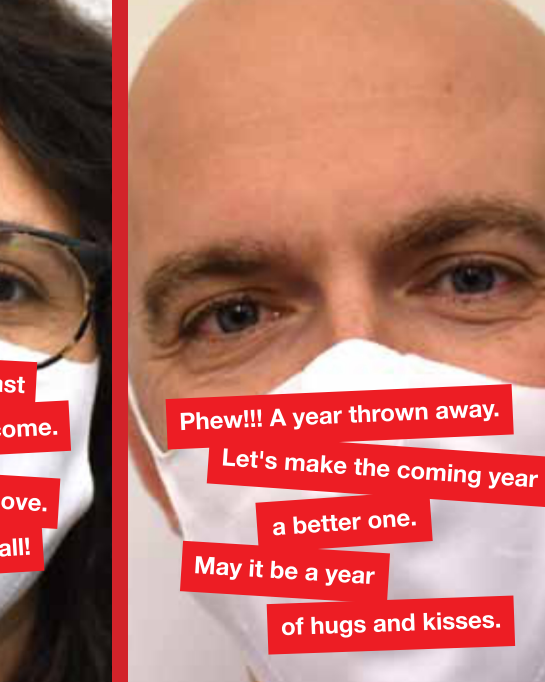

To our new projects,
to our future,
together with my beautiful lady:
Come on 2021!!

Best wishes to my friends,
my partner, my dog.
One day we will laugh
at these unhappy times.

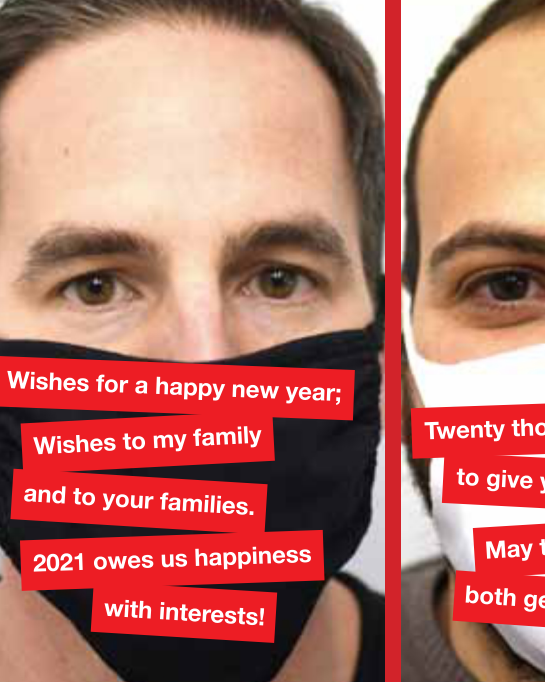

A concert? I'll wait.
An art exhibit or drinks
with friends? I'll wait.
Everything will be even
more wonderful.

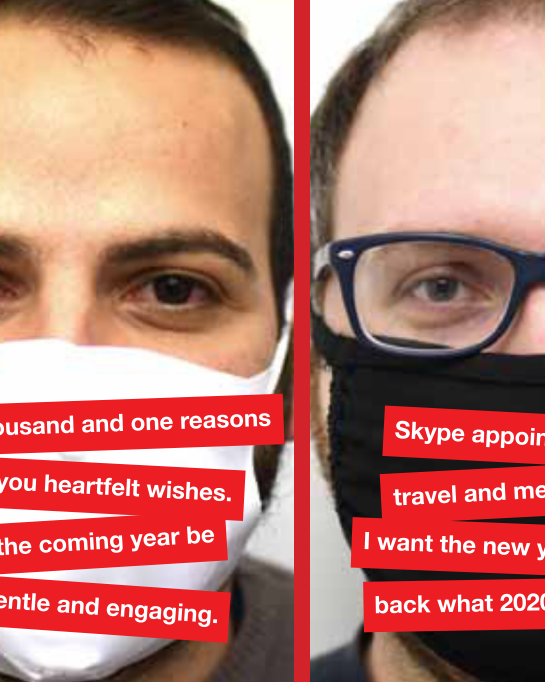

To friends from the past
and to those that will come.
To friends on the move.
Best wishes to them all!

Phew!!! A year thrown away.
Let's make the coming year
a better one.
May it be a year
of hugs and kisses.

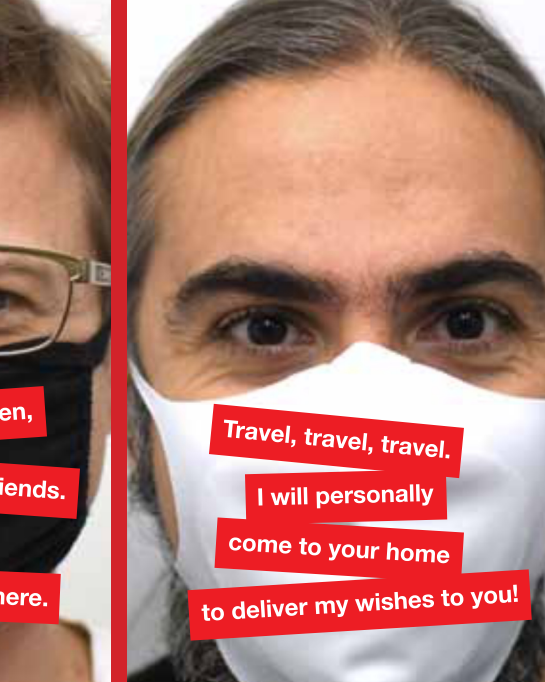

New friends and new projects:
these wishes
that I extend to myself,
I extend to you all.

Wishes for a happy new year;
Wishes to my family
and to your families.
2021 owes us happiness
with interests!

Twenty thousand and one reasons
to give you heartfelt wishes.
May the coming year be
both gentle and engaging.

Skype appointments,
travel and meetups.
I want the new year to give us
back what 2020 took away.

Best wishes to my children,
my wife and all my friends.
Best wishes
radiating from everywhere.

Travel, travel, travel.
I will personally
come to your home
to deliver my wishes to you!

Best wishes to us all.
A team that breathes
in tune with the world.
To you all: Best wishes for 2021!

To my loved ones, to my friends,
to everyone I care about.
Looking forward to the day we
throw this face-mask in the bin.
Happy 2021!

I'll give such intense wishes
that all sorts of viruses
will be blown away.
Auguriiiiiiiiii!!!!!!!
